Catherine Thorne
c.thorne@researchlab.edu | +1 555 999 0011 | Cambridge, USA

Professional Summary
Postdoctoral Research Scientist in Artificial Intelligence and Natural Language Processing.

Work Experience
Postdoctoral AI Researcher, MIT AI Laboratory
September 2022 - Present
- Researched transformer attention mechanisms and language models
- Published papers on deep learning architectures

Graduate Research Fellow, Stanford NLP Group
September 2018 - August 2022
- Developed neural information extraction models in PyTorch

Education
PhD in Computer Science, Stanford University, 2022

Skills
Python, PyTorch, TensorFlow, Scikit-learn, Linux, Git, Pandas, NumPy

Projects
Neural-Summarizer: Open-source neural document summarization toolkit in PyTorch.
